Background:

L'Anse Creuse Public Schools is one of 39 districts, out of 115 applicants, to have been awarded \$187,500 from Michigan's Section 35n Reading Excellence and Advancing District (READ) Innovation Grant. The Section 35n grant is a biproduct of the Michigan K-12 Literacy and Dyslexia Law (PA 146), which was signed into law on October 10, 2024. The focus of this law is to improve reading outcomes for K-12 learners.

This grant will provide funding to implement High Dosage Tutoring (HDT) for selected 1st and 2nd grade students, with a focus on Title I buildings, using the 95 Percent Group's Reading Achievement Program (95 RAP). This program was selected by the MDE as one of 4 programs that made the list of intervention resources that were eligible for purchase with grant funding. 95 RAP provides direct, explicit, mastery-based instruction in phonological awareness, phonics, fluency, vocabulary and comprehension. This program provides training and materials for tutors working after school with the eligible students in groups of 3.

Current Status:

In previous years, HDT has been offered in partnership with the MISD and 23g grant funds, in the areas of math and reading at the elementary level, using materials created by the MISD. This grant stipulates materials must be research based and commercially available.

Board Meeting: October 13, 2025

Agenda Item: Summary of Investments & Wire/ACH Transfers

| ☐ Board Action Required | ☐ CONFIDENTIAL |
|-------------------------|----------------|
| | |
| Other | <u> </u> |

Background:

As part of fiscal management, available cash funds are invested to earn income for the district. Since investing carries both interest rate and credit risk, the Board has established a policy requiring a monthly investment report. Additionally, as part of financial management operations, the business office routinely transfers to and from the district's bank accounts. To provide oversight of this process, a monthly report is prepared by the accountant, detailing the date of each transaction, the bank accounts involved, the purpose of the transfer, the amount, and the requesting fund.

Current Status:

These reports reflect data as of August 31, 2025, and include details of investments by fund type, along with a summary of ACH and wire transfers for the General, Debt, Food and Nutrition, 2025 Bond, and Student School/Activity Funds. During the month, two certificates of deposit, each totaling \$1.1 million, were initiated within the Debt Fund to secure higher interest earnings. Since significant property tax collections occur in September and the majority of debt payments are not due until May of the following year, investing excess funds in the interim allows the district to maximize returns while maintaining prudent cash flow management.

Future Direction (Notes or Comments)/Recommended Motion:

These reports are part of the consent agenda and Administration will recommend that the Board motion to approve the Summary of Investments & Wire/ACH transfers at their next regular Board Meeting.
