Initiator: Kathy Konon, CPA

Board Meeting: April 28, 2025

Agenda Item: Overtime Report

Board Action Required

CONFIDENTIAL

Background:

This report provides the Board with a monthly overtime variance summary for the 2024-2025 fiscal year. It compares the current month's actual paid overtime hours with those of the same month in the previous fiscal year. Additionally, it presents the year-to-date overtime hours for the current fiscal year alongside the total overtime hours incurred during the 2024 fiscal year.

Current Status:

The report for February 28, 2025 has been reviewed by the respective administrator of each building/department.

Future Direction (Notes or Comments)/Recommended Motion: This report is a component item of the consent agenda and Administration recommends that the Board motion to approve the Overtime Report as presented.

Board Meeting:	April 28, 2025	
Agenda Item:	Purchases for Bond	
Board Action Req		

Background:

Due to the recent passage of the 2025 School Bond Fund Series 1, several expenditures must be paid timely to various contractors, vendors, and bond partners. A separate bond fund account is required according to the bond closing documentation to process these bond payments. The Board has established a policy requiring Board approval for purchases that exceed the state's competitive bid threshold (currently \$30,512).

Given the volume of transactions and the board approval of the bid award recommendations, a complete check register of payments from the bond fund (Fund 41) will be provided each month for your reference. Please see the attached bond check register.

Current Status: Purchases as of February 28, 2025

Overview of the General Fund Comparative Statement

As of December 31, 2024

The attached comparative statement provides a quarterly snapshot of district resource expenditures, comparing actual spending to both the budgeted amounts and the expenditures from the prior fiscal year (FY24).

Revenue

Total revenue for the period ending December 31st was \$52,422,886. The majority of the revenue is the local tax collections. Local revenue is dependent on the timing of tax collections. State revenue for fiscal 2025 begins in October. State revenue was affected by no foundation allowance increase this year along with MPSERS cost offset for UAAL. The county millage was broken out separately from other financing sources to distinguish this revenue.

Expense

The general fund expenses are compared to the prior year at this time and have changed by \$4,692,591. Below are some of the highlights:

* English textbook purchases for high schools and middle schools and the Math textbook purchases for elementary.

* Teacher wage increase effective July 1 along with steps and increased retirement rate and benefits.

* Staff that are no longer grant funded.

* Added positions for ECSE, an instructional tech coach, 3 supervisory aides in the middle schools, 4.5 media clerks, 2.0 computer techs.

* Employee payout leaves along with compensation paid for the staff responsible for the additional duties while a position is unfilled including cross training of new positions.

Summary

Overall general fund expenses exceeded revenue by \$2,770,963.

Background:

According to Board Policy Article VIII, Section 19 *Field Trips and Other District Sponsored Trips* "Board approval is required for field trips and other District-sponsored trips which are planned to take students out of the United States or overnight."

Current Status:

The following student travel requests have been received for approval. These student travel trips are educational trips, aligned to curriculum, chaperoned and organized by School Personnel:

- Student travel is requested for 4 L'Anse Creuse High School students to travel to Chula Vista, California on June 27, 2025 and return on June 30, 2025. Students will attend the Jostens Renaissance Global Conference on leadership. The trip is requested by Alysia Samborsky. There will be 5 staff; A. Samborsky; B. Schroll-Reidel; and G. Ashburn; D. MacLeod; and R. Martin to chaperone the trip.
- Student travel is requested for 25 L'Anse Creuse Special Education students to travel to Mount Pleasant, Michigan on May 29, 2025 and return on May 31, 2025. Students will attend the Special Olympics Summer games and compete in various summer sports. The trip is requested by B. Nielubowicz. There will be 2 staff; B. Nielubowicz and J. Pasque and 4 parents to chaperone the trip.

Future Direction (Notes or Comments): Administration is recommending approval for the above student travel requests.

Board Meeting: April 28, 2025

Agenda Item: Technology Firewall Support Recommendation

🔀 Board Action Required	CONFIDENTIAL
Informational Material	
Other	

Background:

The district's firewall support agreement is due for renewal in July 2025. This agreement provides the district with hardware and software support for both of our firewalls as well as licensing for the anti-virus and Internet filtering components. A portion of our annual renewal cost is eligible for the Universal Service Fund (USF) E-Rate program. We initiated a cost saving competitive bid process by releasing a 2025-2026 USF E-Rate Request for Proposal (RFP) for eligible firewall support and licensing.

Current Status:

The district received two compliant bids for the firewall support renewal. After evaluating both bids it was determined that Delta Network Services' bid met all the requirements and was the lowest bid for a total of \$61,231.50, which only \$17,757.14 is E-Rate eligible. The E-Rate reimbursement for L'Anse Creuse is calculated as 80% of the E-Rate eligible amount. The expected E-Rate reimbursement for the renewal would be \$14,205.71 with the district paying the remaining portion of \$47,025.79 from the Technology Department's General Fund budget.

Future Direction (Notes or Comments)/Recommended Motion:

Administration recommends the Board motion to award the firewall support renewal to Delta Network Services in the amount of \$61,231.50 as presented.

Agenda Item: Abatement Associated with Yacks Flooring Project

Don Gratton

🔀 Board Action Required	CONFIDENTIAL
Informational Material	
Other	

Background:

Initiator:

As part of the 2024 Bond, flooring replacement at Yacks Elementary Schools was identified as a critical need. As we were planning the work scope for the cafeteria and stage area (SACC area), it was determined that the mastic (glue) that was used to adhere the current flooring tiles contains asbestos. This will require abatement services to remove the existing tiles.

Current Status:

Bids were solicited for the asbestos abatement work. Six companies submitted bids, with Certified Abatement providing the lowest bid for \$37,000.00. An alternate was also provided to abate storage closets while onsite for \$3000.00. A post bid interview was held and it was determined Certified Abatement had a complete bid and are able to satisfactorily complete the work at Yacks. This project will be funded using bond dollars.

As part of the abatement work, air samples and subsequent clearances need to be performed. NOVA Environmental is the company of record the district uses for all of our asbestos related testing. NOVA has submitted a proposal to perform the aforementioned tests at Yacks Elementary School during the abatement process for \$10,175.00 (see attached proposal). This project will be funded using bond dollars.

Future Direction (Notes or Comments)/Recommended Motion:

Administration is seeking the Board to award the flooring abatement work at Yacks Elementary School to Certified Abatement with a total bid cost of \$40,000.00 including the alternate and to award testing services required for the abatement work at Yacks Elementary School to NOVA Environmental with a bid cost of \$10,175.00.

RE: Proposal #P25050 – Environmental Services for L'Anse Creuse Public Schools

Dear Don:

The intent of this correspondence is to offer Nova Environmental, Inc.'s services to conduct Project Management and Air Monitoring for the Summer 2025 asbestos abatement project at Yacks Elementary School, for L'Anse Creuse Public Schools. Based on known scope of work. The estimated costs are as follows:

Donald J. Yacks Elementary School:

Projected	Cost	Project	PCM						
Consultant	per	Management	Number	Cost	PCM	Number	Cost	TEM	Total
Time	Hour	Cost	of	per	Analysis	of	per	Analysis	Cost
(Hours)			Samples	Sample	Cost	Samples	Sample	Cost	Estimate

If less time or samples are needed, L'Anse Creuse Public Schools will realize the cost savings. If any additional time or samples are required, they will be billed at the above rates.

We appreciate the opportunity to offer these services to you. If you have any questions regarding this proposal or if you wish to discuss any aspect of Nova's services, please contact us at (734) 930-0995.

If you have any questions or if I can be of further service, please contact me.

Thank you, NOVA ENVIRONMENTAL, INC.

Board Meeting:	April 28, 2025	
Agenda Item:	2024 Bond Program Project S	Series Transfers
⊠ Board Action Req ☐ Informational Ma ☐ Other		CONFIDENTIAL

Background:

The \$188.7 Million bond that was approved by voters on November 5, 2024, was a bond proposal that addressed critical needs projects. These bonds were planned to be sold in two series for a financial benefit to achieve interest savings to our taxpayers, but not a requirement for approval by the state.

In an effort to address the critical needs of this district as timely as possible and achieve economies of scale, administration has determined that the original intent of the bond program to accomplish projects by building needed to be thoroughly reviewed and re-evaluated.

Current Status:

The project transfers between the two series are relatively neutral, but necessary, as the attached schedule indicates for the following reasons:

- Safety Projects needed more timely
- Align projects
- Achieve General Fund savings with less repairs
- Accomplish projects timely, while still maintaining quality

Future Direction (Notes or Comments)/Recommended Motion:

Administration recommends that the Board motion to approve the 2024 Bond Program Project Series Transfers as presented

L'Anse Creuse Public Schools 2024 Bond Program Series Proposed Transfers				
ITEM	MOVED TO SERIES 1	MOVED TO SERIES 2	NOTES	
Carkenord Remodeling*	\$449,318		Move all interior remodeling to Series 1. In 2026, this is one of four buildings (*) combined together to benefit from economies of scale. Some work activities that are minimal at one building are greater at another; therefore, combining the schools enhances the overall quantity to benefit purchasing materials in bulk.	
Graham Remodeling		\$2,642,369	Remodeling to occur in 2027 after Series 2 bonds sell. Moving items between the two Series has no impact on the scheduled construction. Move to Series 2 accomodates other projects that need to occur prior to Series 2 being sold.	
Higgins Remodeling*	\$136,134		Move all interior remodeling to Series 1. In 2026, this is one of four buildings (*) combined together to benefit from economies of scale. Some work activities that are minimal at one building are greater at another; therefore, combining the schools enhances the overall quantity to benefit purchasing materials in bulk.	
MSC Remodeling*	\$61,184		Move all interior remodeling to Series 1. In 2026, this is one of four buildings (*) combined together to benefit from economies of scale. Some work activities that are minimal at one building are greater at another; therefore, combining the schools enhances the overall quantity to benefit purchasing materials in bulk. Emerging programs space remains in Series 2 for a district-wide project for these spaces at middle schools and high schools.	
MSE Remodeling*	\$272,268		Move all interior remodeling to Series 1. In 2026, this is one of four buildings (*) combined together to benefit from economies of scale. Some work activities that are minimal at one building are greater at another; therefore, combining the schools enhances the overall quantity to benefit purchasing materials in bulk. Emerging programs space remains in Series 2 for a district-wide project for these spaces at middle schools and high schools.	
LCHS Remodeling	\$337,599		Building interior and exterior renovations are all scheduled for 2027 after Series 2 is sold. Moving items between the two Series has no impact on scheduled construction. Moved fire alarm and some mech to Series 1 and moved metal panels to Series 2 in the event these mechanical/electrical systems need replacement prior to 2027. Pool mechanical and plumbing work is paired with LCHSN for 2026 work and economies of scale benefits.	
LCHSN Remodeling	\$3,326,341		Building interior and exterior renovations are all scheduled for 2027 after Series 2 is sold. Moving items between the two Series has no impact on scheduled construction. Moved temp controls and most mechanical/plumbing to Series 1 in the event that these systems need replacement prior to 2027. Pool mechanical and plumbing work is paired with LCHS for 2026 and economies of scale benefits.	
Burdi Remodeling		\$320,303	Remodeling to occur in 2028 after Series 2 bonds sell. Burdi had some renovations in 2023 and can wait till 2028 for remainder of work. Had a new early childhood center been built, the original intent was to remodel Burdi and Graham ECC at the same time in Series 1.	
Lobbestael, Tenniswood, & Yacks Vinyl Floors	\$476,621		Move vinyl floors forward for Gyms and Cafeterias for economies of scale that allowed for alternates for additional flooring replacement to be within the flooring replacement budget.	
District-Wide Exterior Window Upgrades	\$406,489		Secured Entrance Enhancements. Original sequencing of work had this activity to be addressed building-by-building as they are remodeled, but to accelerate this safety feature the line item was moved into Series 1 for all buildings. Project will be bid as a combined project to also benefit from economies of scale.	
LCHSN Pool Filtration	\$472,262		Equipment to be replaced in 2026. System is failing quicker than the scheduled 2027 building-wide renovation project and needs to be pulled forward to mitigate repair costs that impact the General Fund. Pairing it with LCHS pool filtration system allowed for economies of scale for better bid results.	
Atwood, MSN, and MSS Roofs	\$4,757,443		Move up to summer of 2026. District-wide roofing replacement project will benefit from economies of scale and provide new roofs ahead of the interior remodeling projects.	
District-Wide Interior Doors & Hardware	\$735,734		Ancillary spaces to receive new locks since the classrooms completed prior to bond. Original sequencing of work had this activity to be addressed building-by-building as they are remodeled, but to accelerate this safety feature the line item was moved into Series 1 for all buildings. Project will be bid as a combined project to also benefit from economies of scale.	
District-Wide Tempearture Controls Main Controller	\$375,000		15 buildings added for district wide replacement in 2025. The main controllers are failing quicker than would allow for them to be replaced with all the other temperature controls associated with the new mechanical equipment. Remaining temperature controls work will remain with mechanical equipment replacement. The main controllers will be replaced in a combined package to benefit from economies of scale.	

Fotals	\$17,840,521	\$17,846,785	\$6,264
HS & HSN band equipment and trailers	\$665,823		Music program instruments and equipment funds have been moved forward to address immediate needs and provide each building flexibility to meet each programs needs on an as-needed basis du to the varying ages of individual instruments and equipment.
Purchase Furniture	\$553,473		Carkenord, Higgins, MSC, and MSE have been moved forward to compliment the interior renovations occurring in 2026.
Computers & Mobile Devices		\$3,899,867	Desktops and elementary School mobile device refresh. The original bond aligned approximately 80% of computer and mobile devices to be implemented during Series 1. The team adjusted the purchase of devices to align with the age of the devices and the interal replacement schedule. Nor instructional equipment projects were determined to be a lower priority than other technology initiative items and allow for additional time to tailor equipment to the building requirements.
AV Systems		\$5,091,500	Audiovisual systems including classroom AV upgrades, large space AV systems, stadium upgrades, and other AV systems were determined to be a high priority based on the age of the existing equipment as well as the benefits to the teaching and learning environment. Due to the siz of the district and a preference to minimize disruptions to the buildings, these projects have been reallocated between Series 1 and 2. Series 1 will consist of elementary schools and Series 2 will consist of the middles chools, high schools, and administrative buildings.
District-Wide Safety & Security	\$4,639,540		Emergency alert and PA systems. Original intent was to install systems after physical remodeling is completed to avoid rework. Since only Higgins is having a building-wide ceiling replacement scheduled in 2026, this work could be moved forward to Series 1 without having a sequencing problem while also accelerating safety system installation.
District-Wide Tech Infrastructure		\$340,758	This is a portion of cabling, racks, and support infrastructure that support new IT systems scheduled to occur after Series 2 bonds are sold. The original bond budgets in some instances spli IT items between series 1 and 2. Infrastructure projects are typically completed as district-wide systems for both practical and efficiency reasons. Minor adjustments were made between Series 2 and 2 to align all buildings within each project to the same series.
Parking Lot, Sidewalks, and Paved Play Surfaces		\$5,249,128	Atwood, Carkenord, Higgins, South River, Tenniswood, and Burdi parking lots are scheduled for replacement work after the Series 2 bonds sale, so moving the items to Series 2 has no impact on scheduled replacement. Move to the Series 2 was to accommodate needs of other work items needing to be in Series 1 such as Graham and Middle Central paving along with Pankow already in Series 1.
District-Wide High priority sidewalk replacement	\$152,348		District-wide 1st phase replacement of damaged sidewalks that are not adjacent to asphalt pavement to be replaced. Those concrete walkways will be replaced when the pavement adjacent to them is replaced for proper sequencing of replacement.
District-Wide Architectural Specialties		\$302,859	Window shades/blinds, interior signage, etc. Other than the four buildings in 2026, the other buildings renovations occur after Series 2 is sold and this line item at each school can be moved without schedule impacts. It will also provide an opportunity to break out this work into a separate bid package should a district-wide replacement project be desired for both standardization and economies of scale.
Pankow Fire Alarm Upgrade in JAPAC	\$22,944		At the moment the equipment is functional, but it was moved forward to Series 1.
