Dear Mr. Hallingsworth

So often we parents fail to acknowledge how fortunate we are that our children are schooled and educated in the L'Anse Creuse district and primarily at Atwood School. I am writing this to express my deep appreciation for the caliber of teachers who have guided my child in the primary grades.

He was most fortunate to have had Miss Settle in Kindergarten, who prepared him well, and then Mrs. Cook and now Miss Ladner.

Miss Ladner in my  
estimation is an excellent  
teacher, she has reasoned  
my child toward a good  
and healthy attitude of  
school. She has  
exerted herself above and  
beyond to help all her  
children. Atwood is lucky  
to have her. I think  
our staff is sometimes  
abused by parents, but  
then is it any wonder  
when so many of them  
center their entire self into  
a snug little world.

My experience with teachers  
have been only 3, but

may I reiterate 3 of the  
finest most qualified  
teachers, for this I thank  
you, because I feel you  
are responsible for their  
functioning. As a Principal  
you control 21 strings  
those strings are your  
staff, and you do a  
fine job of it

Sincerely  
Pauline Pauleck
