

L'Anse Creuse Public Schools

1. What was the total amount of the district's Section 31a allocation for the 2025-26 school year?

\$6,273,195

2. Describe the district's methodology and decision-making for distributing Section 31a At-risk grant funds to target the buildings with the highest needs.

The LCPS District Team completes a Needs Assessment to determine the needs of our students in the district. This data determines the programming for the school year.

3. What evidence-based interventions and services were implemented with the Section 31a At-risk grant funds during the 2025-26 grant cycle?

LCPS utilizes Section 31a funds to provide targeted support for students and staff through a variety of instructional and student-support services. These funds support District Instructional Coaches, building-level Math and Literacy Specialists, Instructional Paraprofessionals, Social Workers, Behavior Interventionists and English Language Learner support staff. Additionally, Section 31a funds help provide Summer Credit Recovery opportunities, ensuring students have access to the resources and interventions they need to remain on track for academic success. LCPS also sets aside funding to support the nutritional breakfast needs of at risk students.

4. In what ways has the district collected feedback from parents or legal guardians on these interventions and services provided this year?

Collaborating with parents/guardians and families is a priority in LCPS. Throughout the school year, we provide feedback opportunities from parents or legal guardians through school-home conversations/communications, Parent Advisory Meetings, District and Building Surveys, scheduled District and Building School Improvement meetings and Parent Teacher Conferences.

5. Describe the method parents or legal guardians may use to provide feedback on the use of these funds.

Parents may contact The LCPS Curriculum Department
