

## AP Chemistry – Welcome Letter

---

I am pleased to welcome you into MST AP Chemistry for the 2024-2025 school year. I am honored that you have decided to accept the challenge of this course. To assist you along the way, I am providing some welcome materials to help you succeed in MST AP Chemistry. All materials will be found on Schoology (once it's available), some are in this handout, and some will be given as a hard copy at the start of the school year.

### **Schoology**

Schoology is an essential part of this course. I will use this site every day to keep you updated with the daily agenda, notes, homework, answer keys, activities, and lab reports. I will also collect materials electronically on Schoology. This will be the same login and password that you used last year for your classes. Make sure to use [lansecreuse.schoology.com](https://lansecreuse.schoology.com) instead of Googling Schoology.

### **Remind**

We will use Remind a lot during the class year. I highly suggest signing up for Remind now so you do not forget later. I also invite your parents to sign up too (optional). Just have your parent choose the role of “parent” and put your last name in (parentheses) if it is different than your own.

### **Class Supply List**

It is essential that you stay organized in MST AP Chemistry. I have included some useful suggestions to help you be successful in chemistry next year.

### **Periodic Table / Equation Sheet**

These two files are probably the most important resources you will use all year. They are allowed on every test and are the sheets you will get on the actual AP test. You will receive a laminated color copy during the first week of class. It is essential that you become familiar with the periodic table throughout this course. The more you use it the easier the class will become.

### **Lab Notebook Requirements**

As you are probably aware, we do quite a few labs in AP Chemistry. You will be required to keep a dedicated notebook just for labs (see supply list for details). All labs will be kept in one place and collected periodically throughout the year (usually once a quarter).

### **Common Reference Sheets**

There is a lot to memorize by the time the AP test arrives. You will get these helpful documents once school starts, and they will be on Schoology once the classes are created.

If you have questions, please email me at [garmaal@lc-ps.org](mailto:garmaal@lc-ps.org) . Better yet, send me a Remind. 😊 I look forward to seeing you all again in August.

*Mrs. Garmo*
